Avoiding Legal Conflicts

It is so easy nowadays to get into legal trouble over conflicts in contracts with general contractors and with other business entities. This seminar will acquaint you with the basic legal issues facing plumbing contractors today as well as those basic general legal issues that haunt all businesses in this complicated modern world. Areas to be discussed include:

- The preparation and submission of a bid to better your position
- Techniques to negotiate a subcontract to achieve more favorable terms
- Documenting changes and extras to maximize your ability to get paid
- How to comply with the Mechanic's Lien Statute and Right to Stop Work Statute

Highlights

- Instructor: Richard Peel, Peel Brimley
- Designed for management personnel
- Just \$50 per member company attendee (\$75 for nonmembers)
